

Guarantee® Green

SEAWEED EXTRACT-BASED LIQUID FERTILIZER

Guarantee® Green is a premium liquid foliar fertilizer formulated to promote tissue and root growth and deep color in lawns and landscapes. It can also be used for agriculture and other applications.

How To Use

Apply at a rate of 88-118 ml per 93 sq m (3-4 oz* per 1,000 sq ft) of lawn or turf every 2 to 3 weeks. Dilute at a ratio of 60 parts water to 1 part Guarantee® Green or use hose-end, pump or backpack sprayer. For small areas, add 30-59 ml per 3.8 liters (1-2 oz. per gal) of water, and apply to plants until the mixture runs off the foliage or the grass is wet.

Shrubs and Trees:

Dilute 1 to 2 oz. * per gallon of water. Cover plant surfaces fully. Apply in early morning or evening in spring, early summer and early fall or when trees or shrubs are stressed, growing poorly or have lost their color.

* 1 fl. oz. equals 2 tablespoons
