

# NutriVeg®

## GRANULAR FERTILIZER FOR CONVENTIONAL AND ORGANIC USE

**NutriVeg is an all-purpose, high-performance granular fertilizer reviewed and allowed for use in organic growing by MOFGA (Maine Organic Farmers and Gardeners Association).**

### How To Use

#### Vegetables, Fruits, Herbs and Flowers:

Apply in spring after tilling or turning soil and prior to planting. Use approximately 1-2 lbs per 100 sq. ft. Work lightly into top 2-3 inches of soil. Reapply in late spring and early summer by broadcasting or sprinkling around plants as needed. Apply each time you plant a new crop. Improve plant hardiness and stress management by applying Guarantee® or Guarantee Organic seaweed extract throughout the growing season.

One pound of product is roughly 3 cups.

#### Established Gardens:

Side dress along rows, or scatter evenly over soil surface, then rake lightly into soil. Use 1 lb per 100 sq. ft. Apply in spring and early summer.

## 5.4.4

### GUARANTEED ANALYSIS

<b>Total Nitrogen (N)</b> . . . . .	<b>5.0%</b>
0.50% Water Soluble Nitrogen	
4.50% Water Insoluble Nitrogen	
<b>Available Phosphate (P<sub>2</sub>O<sub>5</sub>)</b> . . . . .	<b>4.0%</b>
<b>Soluble Potash (K<sub>2</sub>O)</b> . . . . .	<b>4.0%</b>
<b>Calcium (Ca)</b> . . . . .	<b>5.0%</b>

*Derived from: Alfalfa Meal, Crab Meal, Feather Meal, Fish Meal, Kelp, Kelp Extract, Rock Phosphate, Sulfate of Potash*

**Nitrogen: 5.0% organic (5.0% natural)**

#### Fruit and Other Trees:

Apply 1 cup per inch trunk diameter in spring under branch tips where the feeding roots lie, and work lightly into soil. A second application in early summer will be helpful for poor soils or where trees are under stress.

#### Storage

Store in a dry location. Keep out of reach of children. Reclose after use.
